

Give-a-pig is an initiative of the "HOAT" foundation, that aims at helping the poorest farmers in the north east of Thailand by giving them one or more pigs.

People collect 60 euros. With that money we buy a female piglet in Thailand, which will be given to a poor Thai family.

The collector can be a company, a club, a shop, an office, a school, or just anybody who likes to participate.

You can do that alone or together with colleagues, members, friends or customers.

You can give the piglet a name and when we give the pig to the Thai family we will take a photo of the family in front of their house, with the pig.

The pig will wear a nameplate with the name that you gave it, the name will show clearly on the photo. You could give it the name of your company, your club, a colleague, etc.

The photo in high resolution will be sent to you by email so you can print it out, frame it and put it on the wall.

The photo will also show on the website [www.giveapig.com](http://www.giveapig.com) together with your name and a clickable link to your website.

Together with the piglet we will give a large bag of pigfood for the first period. After this the pig is big enough to start eating leftovers and the side product that appears when preparing the harvested rice.

When the pig is big enough, "HOAT FOUNDATION" will pay for breeding with the pig so the family can have more piglets and start a little business.

This way you can help a poor family in a straight and visible way and at the same time you get something back for it.

We will only give one pig to one family unless there is a special request from a donator to give a second or third pig to a certain family.

Our project is reported to the Thai district office of the region Buriram in the north east of Thailand. They provide us with information about the poorest families. So only the poorest families will get a pig.

If desired, "Give-a-pig" will provide you with a piggybank which you can use to collect money. Together with the piggybank you will get this information sheet which explains all about the program to whoever wants to know and/or participate. In case no piggybank is desired, you can use the payment information down below.
